

# THE JACOBS SVERDRUP AUSTRALIA ENGINEERING LEADERSHIP PRIZE

## INFORMATION FOR UNSW ENGINEERING UNDERGRADUATES

The Jacobs Sverdrup Australia Engineering Leadership Prize will be awarded to recognise outstanding engineering leadership or management exhibited by a UNSW student undertaking one of the following Engineering undergraduate programs:

- > Aerospace Engineering
- > Computer Engineering
- > Electrical Engineering
- > Mechanical Engineering
- > Mechatronic Engineering
- > Software Engineering
- > Surveying and Spatial Information Systems
- > Telecommunications

## PRIZE

A cash prize of \$2,750 will be awarded to the winner of The Jacobs Sverdrup Australia Engineering Leadership Prize.

The Prize will be payable in a lump sum.

Award of the Prize will be acknowledged on student academic transcripts as a highlighted entry.

## ENTRY REQUIREMENTS

To be eligible, undergraduates must:

- > Be nominated by the relevant Head of School or their representatives.
- > Complete a full-time program of study in the year in which the Prize is awarded, which will lead to conferment of a bachelor of engineering in one of the programs listed above. The program may be a single or combined degree with an appropriate engineering major, completed within mid-year or end-of-year.
- > Be Australian citizens or permanent residents only.

Jacobs Sverdrup Australia staff or their immediate family members are not eligible for the prize.

## **SELECTION PROCESS**

Selection will be based on:

- > Outstanding academic performance in a management subject, and/or
- > Outstanding demonstrated leadership in an engineering project, and/or
- > Outstanding demonstrated leadership in a professional organisation, and/or
- > Outstanding demonstrated leadership in the promotion of the engineering profession.

The selection process will comprise:

- > Eligible students submit application for the Prize to their Head of School. Application should contain a two-page submission addressing the selection criteria listed in the "Selection Process", curriculum vitae and academic transcript.
- > One student from each program will be short-listed by the Head of School (subject to there being applicants of sufficient merit).
- > Short-listed students will then attend a Prize presentation evening that will comprise:
  - A 15-minute presentation from each short-listed student on why they should be selected as the winner.
  - The selection panel will convene out of session to select the winner.
  - All short-listed students will attend the Jacobs Sverdrup Australia Prize Award Dinner.
- > The selection panel will comprise of the Dean of Engineering, a Jacobs Sverdrup Australia representative, and relevant Heads of Schools or their School representatives.

## **PRESENTATION OF THE PRIZE**

A representative of Jacobs Sverdrup Australia will announce the winner during the Award Dinner.

The cheque/prize and certificate will be forwarded to the student within seven working days.

Prize recipients will be acknowledged in the Faculty newsletter and website.

## **APPLICATION CLOSING DATE**

Monday 29 August 2005. Short-listed students notified by Monday 5 September 2005

## **STUDENT PRESENTATION, PRIZE AWARD AND DINNER**

Friday 9 September 2005.

## **ENQUIRIES SHOULD BE DIRECTED TO**

Heads of Schools:

- > Computer Science and Engineering
- > Electrical Engineering and Telecommunications
- > Mechanical and Manufacturing Engineering
- > Surveying and Spatial Information Systems
